YOU CAN STILL MAKE RESOLUTIONS
People who have not yet made their New Year's resolutions for 1962, can still do so if they will resolve to keep these resolutions for a period into 1963 equal to the time they've missed in 1962.
People who say "I resolve to make no more resolutions" are also covered by this suggestion.
New Year's resolutions must be re-resolved every year.
Resolutions are not to be confused with resolutions.

Grossmont High Continues Winning Streak With 79-45 Triumph Over Monte Vista

by Bill Ott Jr.

GROSSMONT — Grossmont's aging gym was rocking last Friday night when the Foothillers hosted Monte Vista in one of the big openers of the Grossmont League hoop season. A noisy crowd estimated at 1,100 jammed into the Hiller fieldhouse and watched Coach Locke Olson's charges display a sharp offensive attack in routing the Monarchs 79-45.

For the winners it was their ninth triumph this season. The losing Monarchs' who sat out the Christmas vacation tournaments are now 3-4 in overall competition.

Faced by Lew Riley and Dick Baker the Foothillers posted a

23 point first quarter output while holding the Monte Vistas to 10, and added 21 more points in the second period to build up a 44-25 margin going into the halftime intermission.

The halftime rest did not stop the Grossmonters as they came right back in the third period with another 21 point effort, while the visitors managed only 9 points for a 65-34 score going into the final period of play. In the third period the Grossmont five displayed some fine defensive tactics using a full-court press that stymied the young Monte Vista cager's offensive maneuvers.

Coach Olson substituted in the fourth quarter, and the win-

ners hit the basket for 14 points in the final stanza for the 79-45 finish.

For young Bill Gillespie's forces Bob Anderson and center Lyle Van Norman shared scoring honors with 13 points each. For the victors four players hit the double figure column with Riley's 24 points the high followed by Baker's 21 point effort.

Anderson, the third high scorer in the loop behind Baker and Riley was out with the flu for four days before returning to the squad Friday night.

Grossmont draws a bye Friday night and will host their alumni, while the Monarchs have another tough one on the agenda in hosting Helix Friday night.

Bike Tests To Be Given At L.G. Schools Starting Mon.

While their parents prepare to purchase new licenses for their cars, students at Lemon Grove schools will prepare to qualify for bicycle inspection stickers. Tests will be conducted all next week, January 15 through 19 and on Monday, January 22.

Under the auspices of the Automobile Club of Southern California, a bicycle safety check will be conducted at each school by members of the Highway Patrol or Sheriff's Department. Inspectors will check riders through a small obstacle course. This test checks riders' coordination and traffic signal knowledge.

Also included is inspection of spokes, alignment and brakes. Pupils who successfully pass

the inspection will receive safety stickers for their vehicles. All will be given printed material on bicycle safety rules.

Judging from the number of pupils scheduled for the test, a great number ride to school daily on wheels other than those on school buses. A total of 1,069 at the eight schools will participate. San Altos boasts the highest number of bike riders, 194.

The schedule includes Golden Avenue and Mount Vernon on Monday, January 15; Palm Junior High, Mount Vernon, and Monterey Heights, January 16; and Lemon Grove Junior High and Monterey Heights, Jan. 17.

Also San Altos on Jan. 18; San Miguel on Jan. 19; and Vista La Mesa on Mon., Jan. 22.

arrest of her husband on an assault and battery charge.

She stated her husband had a habit of drinking heavily, at which times he would come home tear off the bedclothes while she was asleep and begin to knock her around. On the night of Jan. 5, the old performance was given, but with the addition of Mrs. Buford being hit on the back of her head, she said by Buford's fist, so hard it knocked her "cold" for a few minutes. Then she called the sheriff's office.

Buford's explanation for his action was that he had bought her a new car and had offered her \$400 to get out and she refused. He cooperated peacefully with the deputies when they took him to the county jail.

Car Wheels Taken

It's bad enough to have thieves jack up your car in front of your house and make away with one of your tires and wheels, said Joseph Mamo, 8898 Lance st., S.V., reporting to the sheriff's dept. Jan. 5. The crowning injury, he said, was leaving the '57 Lincoln "acked up on a concrete block. Loss is \$50.

Rainmakers

Twelve Rainbird sprinkler heads were taken from the grounds of the Latter Day Saints Church 8472 Blossom lane, S.V. Jan. 5, according to report made to the sheriff's dept. by Hershel J. West, maintenance supervisor of the grounds. The loss was estimated at \$36.

Parking Brings Corps

John Edward Drummond Jr., 21, 9875 Austin dr., Spring Valley, and his pal Larry Hugh Wagon, 22, 1425 Walbolan st., Spring Valley, were sleeping blissfully in Drummond's car on a side road in Spring Valley early Sunday morning when awakened by a sheriff's prowling unit. The prowling officers considered the position of the car's front wheels hanging over a ditch, somewhat dangerous.

Both the young men failed to take the sobriety test, but both protested custody, because they were already out on probation for a liquor offense, and hit-and-run driving. They said they had been in Tijuana. The Deputies took them to county jail.

Attempts Suicide

Miss June Amber Peterson, 23, 8989 LaMar st., Spring Valley decided that the best way to end it all is to take everything in the medicine cabinet that promised a ticket to oblivion. At 2 a.m. January 7, she drank mercurochrome, methioline, and tincture of iodine. The burn was more than she had bargained for so she called her mother, who called the Spring Valley Fire Department ambulance which transported her to the Helix Hospital. An efficient application of the stomach pump did the rest.

Mrs. Peterson said the girl was suffering from melancholia brought on by personal problems.

Car Parts Taken

A radiator, a carburetor and a generator were taken from the yard of Vernon R. Lankard, 8007 Golden ave., L.G. on Jan. 7, valued at \$50, according to his report to the sheriff's dept. Lankard gave the name of two suspects.

Radios Are Portable

LeMac's TV shop at 3562 Grove st., L.G. was the victim of shoplifters last month.

Jim Levy, co-owner, reported that several Nichimani transistor portable radios were missing. The loss was discovered during first of the year inventory.

Shoplifter Gang Stopped

The Sav-On Drug Store, 661 Sweetwater rd., De Falco's Food Giant Market, 555 Sweetwater rd. and the S. S. Kresge Co., 637 Sweetwater rd., Spring Valley, were the victims of shoplifting and petty theft by a gang of five boys ranging in age from seven to 14, during the Christmas week.

The two oldest boys were held for the Juvenile Probation Department, and two of them were charged also with receiving stolen property as well as petty theft.

The 14-year-old was considered the ring leader as the younger ones were instructed to bring their loot to his home, and if they did not bring what he wanted he would send them back to steal it. He was also accused of receiving stolen goods. The seven-year-old child was his youngest brother.

On Target

Two juveniles from the Calavo Gardens district confessed to the sheriff's deputies last week that they had used oranges as missiles to pelt automobile targets passing the Challenge-Vista dr. intersection in Spring Valley.

During the past two months, the lads said, they had succeeded in hitting 30 to 40 car targets. The Glenview Feed Co. truck of Lakeside was hit last week. The driver's complaint resulted in the apprehension of the boys. They were picked up and released to their parents.

Model Car Fan Loses Parts

Mrs. Ada K. Felske of 2944 Sweetwater rd., S.V., a model auto fan, told the sheriff's dept. that a horn, gas cap and hubcap had been taken from her Model A auto.

Teacherphone At Work

A Heyer, senior custodian of the S.V. elementary school told sheriff's dept. that some pupils had stolen several felt-tipped marking pencils, from room 21, had used them to mark up the walls and doors of the school with pornographic phrases and pictures.

Several teachers' names had been used in connection with the writings and one of the messages contained the statement that the writer hated the teachers.

Empty House Used As Juvenile Hideout

Juveniles have been using a house at 1648 Folkstone st., S.V. as a hideout headquarters, the owner reported to the sheriff's department.

Candy bar wrappers and a newspaper subscription receipt book were found as evidence. One of the youngsters had been sleeping on a cot in the living room, officers discovered.

School Property Damaged

Trees and light fixtures were damaged to the extent of \$150 at the Vista La Mesa school last week Clarence Allen, school principal reported to the sheriff's office.

One 8-year-old elm tree was destroyed and another one was damaged. Two outside light fixtures and a cabinet containing a fire extinguisher were also damaged.

Bike Missing

A bike, left overnight in the auto parking lot at the shopping center at El Kelton and Jamacha rd., S.V. was missing the next morning when John Franklin Murphy went to get it the next morning. John, 14, lives at 938 Parkbrook. Value of the 20" Huffy bike is \$20.

Lewd Calls Reported

The federal government has endorsed this plan because it says it is a good plan. We wish it would practice what it preaches. Instead of sending millions of dollars to the potates of Viet Nam, Laos et al., for them to squander on gold-plated Cadillac and other high-living symbols, why not send a million dollars worth of CARE packages to the people?

People, without the fear of starvation facing them, can do most of the things for themselves that our tax dollars are supposed to do, but don't. With this approach, those aided would have still another benefit: they would have their pride.

Foreign aid needn't be the complicated affair that it is. We'd like someone to explain how helping communist bloc leaders develop resources to use against us when and if the Missile is launched, is going to help the hungry, freedomless people of these countries?

More to the point, how is it going to help us?

A CARE package in the kitchen of one of the world's unfortunate families will do more good than 100,000 of our tax dollars in the pocket of Kasavubu, or Tshombe.

The next pry job was the cash drawer and finding nothing (although a bill was in a back corner) the prior went to Saranta's office desk and opened the center drawer found nothing and exited through the front door.

Investigation by Deputy J. H. Prusa, reveals that there is outstanding two other charges of stolen Money Orders, which deputies indicate the suspect for the three cases is identical. Similar open Money Order cases have been found for the same type of Money Order used, with the San Diego Police Department which believes it may have in custody the person who actually cashed the money orders, but have not obtained sufficient proof as yet. The investigation is continuing.

Text Tells Need To Have Unselfish Life Like Jesus's

A communion service entitled "Sacrament" will be held on Sunday in all Christian Science churches. The Apostle Paul's advice to Timothy (I Tim. 4:12) constitutes the Golden Text, "Be thou an example of the believers, in word, in conversation, in charity, in spirit, in faith, in purity."

The Lesson-Sermon will lay special emphasis on commemorating the unselfish life of Christ Jesus by following his example as he pointed out in John's Gospel (13:12-15). At the feast of the passover, after washing the disciples feet, Jesus said unto them, "Know ye what I have done unto you? Ye call me Master and Lord; and ye say well; for so I am. If I then, your Lord and Master, have washed your feet; ye also ought to wash one another's feet. For I have given you an example, that ye should do as I have done to you."

The United Lutheran Church Women, ULCW for short, is the official women's auxiliary of the United Lutheran Church in America. Membership is open to all women who belong to United Lutheran Churches and wish to participate, according to Mrs. June Adst, chairwoman of the organization committee. The national organization has over 150,000 active members with a budget for benevolent causes of almost \$1,200,000.

The committee spearheading the organization of the ULCW at Shepherd of the Valley Lutheran Church includes, besides Mrs. June Adst, Mrs. Paul Martin, Mrs. Frank Hamilton, Mrs. Odd Nilsen, Mrs. Henry Ganderberger and Mrs. John Kerr.

Lutheran Church Permit Denied

SAN DIEGO (CNS)—A special use permit for an addition to the Lemon Grove Lutheran Church was denied Friday by the County Planning Commission.

F. Harrington, architect for the church, told the commission that he had worked on plans for the location of the proposed addition for a number of years. He said that the church had also acquired additional property, in an effort to locate the buildings properly on its land at 2065 Skyline dr. The commission committee that studied the site recommended that the permit be denied on the grounds that Alton dr., running along one side of the church property, is to be widened and extended.

Lutheran Group In Evangelism Drive In S.V.

A two-pronged thrust for evangelism will mark the life of Shepherd of the Valley Lutheran Church in January, according to Pastor John Kerr. The effort is directed toward deepening the spiritual life and enlarging the size of the young mission congregation now meeting at the Spring Valley Chamber of Commerce Hall, 9050 Memory Lane.

The first prong stresses regular attendance. "We hope to remind our people of the importance of regular and consistent worship," Pastor Kerr said.

The Church Council will call on every family for a friendly visit within the next two weeks as a part of this effort. Mr. Lee Roy Stricker, vice president of the Council said, "It should be a pleasant surprise for our people to receive a call in which nothing is asked of them."

The second prong involves a continued program of lay visitation on prospective members and visitors. This group, called "The Associates of Peter and Paul" is under the direction of Ray Klobnak, evangelism chairman. "We feel that a personal call expresses well our interest in each visitor as an individual," Mr. Klobnak said.

Fellowship Groups Plan Get-Togethers At Trinity Church

Worship services will be held at Trinity Presbyterian Church at 9 and 10:45 a.m. on Sun., Jan. 14 with church school and infant care at both hours. Fellowship groups for college and career, ninth graders and senior high ages will meet at 7 in the evening.

A new-member orientation class will begin Sunday afternoon at 4. This will be the first of a series of six meetings with discussion on basic beliefs of the Christian faith as well as basic orientation of Trinity's program. All those interested in uniting with Trinity are invited to attend.

The United Presbyterian women's association will meet for luncheon and program at 12 noon on Tues., Jan. 16.

Will An Apple A Test Day Keep Bad Grades Away?

"An apple for the teacher" used to be a familiar slogan, but that's passe at Mount Miguel high school. The latest is "an apple for each student."

No, school authorities haven't suddenly relaxed all rules on food in the classrooms; it's one of the features of the new semester exam schedule at the Spring Valley-Lemon Grove school.

For several years, Miguel members have been studying semester exam procedures seeking one that would approach the testing problem more realistically. This year, after analyzing various suggested approaches, the exam committee selected this version which provides for two finals of two hours duration each day. Between exams, students will have the benefit of 10-minute passing periods, 55-minute study halls, and 40-minute lunch periods.

During the three-day testing period (Jan. 30-Feb. 1), sacks of apples will be provided for students to munch on during their 10-minute passing periods. "The examination schedule this year has been devised to meet the expressed needs of students and teachers for a more realistic, extended exam schedule that parallels the kind of examination that students are subjected to in competitive contests and job applications. With two double-hour examinations daily for three days, a more truly valid evaluation of students' achievement can be secured," emphasized Melvin C. Grant, principal.

"Students should look on this new schedule," Grant continued, "as one that will more fairly judge what has been learned during the first semester."

Students will be tested in their second and fourth period classes on Jan. 30; their third and fifth period classes on Jan. 31; and in their first and sixth period classes on Feb. 1.

Members of the exam committee are: Mrs. Patricia Bender, Seth Carpenter, Virgil Duea, Gary Letson, Charles Mosse, and Mrs. Claire Tremaine.

EXPERIMENT AT MIGUEL — Will apples help?
The members of this Mt. Miguel high school examination committee hold what they hope will be a solution to exam day problems at school. From left to right are principal Mel

C. Grant, Claire Tremaine, Patricia Bender and Charles Mosse. Apples for all students will, the committee believes, provide nutrition for students while not requiring much time for consumption on pressing exam days.

Back-Yard Swim To Get M.H. PTA Sponsorship Again

The January board meeting of the Monterey Heights PTA was held at the home of Mrs. J. H. Poschman.

A discussion of the division of the Ninth District PTA was held and a questionnaire filled out to aid the working committee.

An honorary life membership committee was chosen consisting of Mrs. Harry Buckner, Mrs. Jack Voorhees, and Mrs. H. G. Patton. Two alternates were also chosen, Mrs. Robert Leet and Mrs. Harold Stanley.

A decision was made to once again sponsor the Red Cross, PTA Back Yard Swim program. The board agreed to recommend the wearing of stainless steel identification tags by all school children. This is part of a Civil Defense program being worked out by the PTA.

GRIZZARD GOING TO CALIFORNIA HIGHWAY PATROL ACADEMY

Lemon Grove resident James Henry Grizzard has been appointed to the California Highway Patrol and has been assigned to the Patrol's Academy in Sacramento for 12 weeks of training.

The new traffic officers will receive instruction in more than 50 subjects related to traffic law enforcement. Emphasis is placed on the California Vehicle Code, traffic supervision, accident investigation, first aid, preservation of evidence, court systems and legal procedures, and equipment operation and maintenance.

The current class is made up of 65 men from all parts of California. Grizzard was formerly employed by the Division of Forestry.

Electronic heat is used to bond plywood, make laminates and perform many other tasks in industry. The materials are placed between electrodes, as bread is placed between grids of a toaster. But from that point on the process is quite different. Instead of first "toasting" the outside, Thermex dielectric heating units made in Louisville distribute heat to all parts of the material at the same time. This does the work faster and eliminates the possibility of scorching the surface before sufficient heat has reached the center of the material.

Plan To Shift Local Court Cases To S.D. Rescinded

An order to channel felony cases from El Cajon Municipal Court District to San Diego Courts was rescinded the same week it was issued by Frank H. Nottbusch Jr., presiding judge of S.D. Municipal Courts.

He said that east county felony arraignments and preliminary hearings would continue to be held in El Cajon. "If the courts of El Cajon don't want to do something constructive that is entirely up to them," Nottbusch said after the plan to move felony cases to S.D. had met with strong opposition. The plan was originally announced as a device to ease the backlog of felony cases in the El Cajon courts.

The plan was criticized by R. Fenton Garfield, presiding judge of the El Cajon Municipal Court and El Cajon Police Chief Joseph O'Connor.

Judge Garfield's objections were based on the inconvenience that would be suffered by judges, court attaches, police officers and witnesses, all of whom would have to trek to San Diego in felony cases.

"We feel strongly against and do not approve of the practice of concentrating everything in San Diego," said Judge Garfield. "We believe the people of this area are entitled to a court, and should have it in a convenient place. We have managed the felony load so far without too much difficulty, cases, instead of holding a court to hear felony matters alone."

Judge Garfield voiced another consideration, which was the inconvenience such an arrangement worked on the newspapers of this area and their reporters. The necessary daily trip to San Diego to get the news of the felony calendar would work a hardship as well as being expensive and time consuming for papers," he said.

Lemon Grove and Spring Valley are in the El Cajon Municipal Court district. During the past several weeks, pro-tem judges have been assigned to El Cajon courts due to illnesses suffered by Judges Garfield and Joseph Doerr. Both men have returned to full time status, however.

AUTOMATIC GATES AT RR CROSSINGS

LOS ANGELES — The State Public Utilities Commission reported today that vehicle-train accidents have been substantially reduced at 67 southern California grade crossings where automatic crossing gates have been installed.

A PUC study of train-vehicle accident records for a 10-year period where automatic gates were in place on Dec. 31, 1960, showed an average of 62 per cent fewer accidents a year since the installations, with a reduction in deaths of 85 per cent and injuries, 83 per cent.

Lemon Grove has more than half a dozen railroad crossings. The infrequency of trains makes automatic gates unnecessary.

Being shown the tickets is The Rev. John Kerr of Spring Valley, who happened to be present for the picture-taking ceremonies.

Local Republicans are helping to mount the dinner for Assemblyman Shell, who is a candidate for the governorship of the state. Shell's father is the former Superior Municipal Court judge.

Tickets may be obtained from the office of the Homeland Publishing Co. at 7834 Lester ave., Lemon Grove at \$4 each.

Poultrymen Seek Help In Tracking 'Murderers'

beautifying way and in a commercial way.

But while the work has been going on, who has suffered? The business people of the Casa de Oro region, of course. What with the roads torn up, the mud and slush that goes hand in hand with torn up roads, and other obstacles, it's a wonder some of the business houses haven't gone "that-a-way." Personally, I feel sorry for those people and hope that business will boom as soon as Campo rd. is completed, which should not be too far in the future.

Whether or not the business people of Casa de Oro were prepared to meet the challenge of torn up roads, is another question. I do know that the state has money set aside for the improvement of Campo rd. east from Merritt dr., and hope the merchants along that route are prepared. Yes, you have to take the bitter with the sweet, to coin an old cliché.

SEED MADE HAZARD WORSE

With two accidents in one spot along Jamacha road near Elkton blvd., this might act as a warning for motorists to slow down coming down the hill from Lomita Village. Those two drivers who were in those accidents recently, were "going too fast," I've been told. Anyhow, the problem has been turned over to the "Roads and Safety" committee of the S.V. Chamber of Commerce. Maybe signs can be posted, warning of the danger.

Incidentally, you good friends and neighbors, if you see a place or places that you consider dangerous to motorists and/or pedestrians and no (Continued on Page 3)

There are two vicious murderers roaming within the confines of Spring Valley, declare half a dozen residents of the Casa de Oro and Homeland section. The residents say other killings may occur if the murderers aren't found.

The residents are small poultry raisers. Two big killer dogs are the murderers. One is a light fawn boxer with a brown nose, and the other a white and gray part shepherd and part coyote beast. They've been raiding chicken yards and rabbit pens in the district, killing not for food but to be killing. Residents are appealing for help.

Victims of these dog raids have been Mrs. Jesse Dorland, 10350 Campo rd., who lost 20 laying hens in one night; L. E. Mortimer, 10324 Campo rd., Spring Valley, whose entire rabbitry was wiped out and Mrs. Edwin Gilbert, 10087 Casa de Oro blvd., whose chickens, rabbits and ducks have been under attack for the past several months by the dogs.

Latest of the Gilbert's raids was on New Year's Eve when the horns and bells were sounding. Two does ready to birth, a buck and five chickens were killed and dragged to a neighbor's yard.

Mrs. Gilbert said the dogs are so vicious and powerful they tear open the wire on rabbit hutches and chicken pens. They got after her cat and caused a \$25 veterinary bill.

Other victims are Mrs. Richard A. Wilson, 10171 Ramona dr., Spring Valley, Mrs. Richard F. Escallier, San Carlos rd., who lost ducks and six rabbits and Nihat Apaydin, 10305 Madrid way, Spring Valley.

Victims have made efforts to find the owners of the dogs, but neighbors contacted aver that their dogs are not killers so victims are appealing to the public. Anyone with information is requested to call Wilson HO 9-4201; Gilbert HO 9-7783; Escallier, HO 9-3577 or Apayan HO 9-4236.

ANTI-COMMUNISM POSTERS DISTRIBUTED BY C.T.A.

Colorful calendar-posters emphasizing constructive ways to fight communism are being distributed this week to all Lemon Grove schools by the Lemon Grove District Teachers Association, according to Harry Weisgerber, president.

Prepared by state headquarters of the California Teachers Assn. (CTA), the calendar emphasizes a positive and balanced approach, Weisgerber said.

The message, written by J. Edgar Hoover, director of the Federal Bureau of Investigation, lists seven ways to fight communism and preserve America. Hoover gave the CTA special permission to reprint and distribute the poster-calendar to California schools and organizations particularly interested in patriotic education, according to local teacher officers.

News and Views from Spring Valley

By Tommy Thomas

ROAD CONSTRUCTION IS NICE BUT A LITTLE HARD ON BUSINESSES

The old adage, "You Can't Have Your Cake and Eat it Too," still holds true today, and right here in Our Valley. Take the case of progress in the Casa de Oro area. The State Highway Department spent several thousand dollars widening and improving Campo rd. from Kenora drive east to Avocado blvd. A beautiful piece of work; really helps the area, both in a

Commercial Zoning For La Presa Runs 'Out of Time'

SAN DIEGO (CNS)—Consideration of a zone change for heavy commercial use for about two acres in La Presa had to be put off at the Friday session of the County Planning Commission because of an error in the advertising of the hearing.

The delay was only one more in the series of misadventures that have beset this same area for almost a year.

The property involved was that of Art Schafer at Jamacha and Felecia. The property is now zoned for single family dwellings, although Schafer has had a lumber yard operation there for several years.

Schafer and neighboring property owners applied for rezoning last year, and the planning commission then decided that perhaps the business section of La Presa should be changed from Grand ave. to Jamacha blvd.

A public hearing was held, with protests from Grand ave. property owners against any change. Jamacha blvd. property owners also said they did not want Grand ave. changed back to business zoning; they just wanted business zoning for themselves.

In the shuffle, time ran out on the Schafer group's request so the Board of Supervisors could do nothing about it.

Schafer asked the Board to reopen the matter, and the hearing to be held last Friday was at the Supervisors' request. But the bad luck continued, so there could be no hearing.

The commission ordered the matter again advertised. So there will be a hearing. Unless something else goes wrong.

Christmas giving began with the gifts of the Magi, the Three Wise Kings of legend. Many a wise relative or friend today gives a new-born babe a U. S. Savings Bond as a start toward future security.

VALLEYITE SHIVERS

IN ST. LOUIS

"There is no place like Spring Valley." If you don't believe this statement, just ask one of our local insurance men Jesse Hodge, with offices in the Casa de Oro area. Jesse just returned from a trip to St. Louis, Mo., where he visited his parents, Mr. and Mrs. Marvin Hodge, who lived here for several years.

But getting back to "Our Heaven on Earth," Jesse said he nearly froze all the time he was in St. Louis. Every time he got out of a car, he started to shiver. In fact he spent two days of his trip in bed. He said there was no snow in St. Louis, but there was plenty in the surrounding areas, with the cold winds blowing right into town. Jesse flew to and from Missouri, but the return trip was a bit hazardous as the heavy fog made it almost impossible to land in Los Angeles. But that's LOS ANGELES, not SPRING VALLEY.

Did you make any New Year's resolutions? If so, I hope one of them was to help make Spring Valley a better place in which to live during the year of 1962. It behooves us all to be civic-minded.

WELCOME, MOTTS!

"Welcome to Our Valley." We are always glad to extend the hand of friendship to new residents of Spring Valley. This week we are welcoming Mr. and Mrs. (Bill and Joan) Mott, and their three children, Patty, 9, Michael, 7, and Robert, 3. The two eldest children are attending Spring Valley Elementary School.

Bill Mott is a detective on the San Diego police force, where he has been for the past eight years. He spent seven years in the Navy during World War II and the Korean fracas. He is originally from Arkansas; Mrs. Mott is a Mississippian. The Motts have been busy redecorating their home, which is located at 3320 Central.

Also "Welcome to Our Valley," are Mr. and Mrs. B. A. Sandberg of 9101 Mac Lane, and their three children, whose ages are 15, 12 and 10. Hailing from New Mexico, the Sandbergs have been here just a short time. Mr. Sandberg was

"Glad to see you are on the mend, Charlie." By Charlie, I mean Charlie Noakes, commander of World War I, Foot-hill Barracks 1774. Charlie spent five days at Mercy Hospital recently, after undergoing surgery. He and his Missus live at 10520 Del Rio rd., out Homelands way.

Just one wedding anniversary reported for the second week of January. . . Jan. 12. Mr. and Mrs. (Jerry and Hope) Masse, 2539 Helix st., their 17th. Married in San Diego, they have been here 10 years. Both are well known in the area for their splendid work in the scouting program.

SELLING PSYCHOLOGY

The latest selling "gimmick" is really interesting. It should prove to those of us who have been on the receiving end of these phone calls that the something for nothing bug has a deep bite.

For those of you who haven't been treated to one of these calls which come at any time of the day or night, at your place of business or at home, here is the way it works. When you answer your phone, a recording is played which tells you that if you call a given number you will be entitled to a free prize. When you call the number you are told that if you buy a certain item, then you get a free gift. Then the sales pitch starts.

I've got a feeling they lost one member of their sales force last week when they came to my number. They made the mistake of calling me before 10 a.m. on a Saturday.

SPRING VALLEY

WELFARE PLANS SALE

The Spring Valley Community Welfare is planning a clearance sale and will be open from 9:30 a.m. to 4 p.m. on January 11 and 12, and 10 a.m. to 4 p.m. on January 13.

On sale will be woolen skirts for 10 cents, ladies coats for 50 cents, dresses for 25 cents and shoes for five cents.

The Welfare Shop is on Bancroft drive across from the S.V. chamber of commerce.

ELIZABETH CLARK TO

TALK AT AVONDALE

Mrs. Elizabeth Clark, supervising probation officer for San Diego's juvenile authority, will speak at the meeting of Avondale's PTA on January 16 at 7:30 p.m. in the school multi-

purpose room. Her talk will be based on the ways parental interest in their child can help prevent juvenile delinquency.

A nominating committee will be elected at this meeting. Refreshments will be sold and child care provided.

SPEAKER MISSING FROM

LITTLE LEAGUE FIELD

When members of the Spring Valley Little League went to check their league's field, located off Jamacha rd., they discovered that the loud speaker which was donated to them last year, was missing. When they returned the following day, the wiring for the speaker was also gone.

Anyone knowing the whereabouts of this equipment, please contact E. Fryberger at HO 3-6379.

HOSPITAL, LIBRARY

TAX UNIFORM

Lemon Grove and Spring Valley tax rates are so similar that we can use them for a basis of comparison.

The lowest tax rate paid by both areas is to the Grossmont Hospital District. It is .038 per \$100 assessed valuation on land, improvements and personal property. If this amounts to \$4,000, you are paying \$1.52 per year. In return for this you have a fine hospital near you, and are entitled to the use thereof. You certainly couldn't want a better investment.

The County Library District tax is .099 per \$100, or \$3.96 a year on \$4,000 property. In this case, there is where the similarity ends. The Lemon Grove library, located on Pacific street, is a large, bright, well ventilated building which is open seven days a week,

from 10 a.m. to 7:30 p.m.

The Spring Valley library, located in a small store on Troy street, is not conducive to study or reading. It is open on Monday, Tuesday and Thursday from 2-6 p.m., on Wednesday from 2-5 p.m., and on Saturdays from 10 a.m. to 1 p.m. This amounts to walking into a store with a friend, both asking for a loaf of bread and laying down the same amount of money. One of you is handed a full loaf; the other a half. True, a half a loaf is better than none, but not for the same price.

PROPOSED SCHOOL

SITES INVESTIGATED

Approval was given by the La Mesa-Spring Valley School District board of trustees for Clyde Hufbauer, architect, to make an engineering survey of two specified locations as prospective sites for La Presa Elementary School No. 3. Both are near the recently abandoned site. Several other locations will be taken into consideration.

Further news on the abandoned site is that action was filed in Superior Court in behalf of the trust which owns the property to set aside this abandonment or pay \$103,000 in damages. No decision has been handed down as yet.

CAMPAIGN CAPER CALLED

The dinner planned by representatives of the La Presa County Water District board of directors for those who helped in their election campaign last March, has been cancelled. This is due to the fact that some have moved, others can't get together at the same time, and the length of time that has elapsed since the election.

They are trying to find another way of expressing their appreciation.

America's astronauts will prepare and eat their meals when thousands of miles from earth in a space kitchen somewhat like its earth-bound counterpart. Displayed at Chicago's Museum of Science and Industry, the kitchen has cabinets, freezer, refrigerator and so on. But since there won't be any dishes to wash (food will stay in reusable containers), it turns out to be the kitchen with everything but the kitchen sink.

Goodrich Pledges Aid For Hegland

Murray D. Goodrich, San Diego business and civic leader, will head the Greater San Diego Citizens Committee backing Sheridan Hegland's candidacy for the Democratic nomination for Congress in the new 37th district, he said.

In announcing his acceptance of the campaign committee chairmanship, Goodrich, a life-long Democrat, emphasized Hegland's seven successful years as state assemblyman from the 77th district.

"With his legislative record in Sacramento, for his dedication to his objectives of making his county a better place to live, I think 'Heg' is the man to represent us in Washington."

Goodrich, who has been active in community projects for many years, is co-founder of the San Diego County Heart Association, president of the Health Foundation of San Diego County, one of the sponsors of the University of San Diego and the chairman of the university's Hall of Science Building funds.

He also is a member of the State Board of Pilot Commissioners for San Diego Harbor, founder of the Goodrich Sports Foundation, co-chairman of Building Fund Committee for Theatre and Arts Foundation of San Diego County, director of both the Boys' Club and Girls' Club of San Diego County.

Tri-College Survey Group Sets Meeting

There will be a meeting of the Community Resource and Advisory committee of the Tri-College Survey, San Diego, Chula Vista and Grossmont at 7 p.m. Jan. 18 in the county superintendent's office of the department of education, 6401 Linda Vista rd., San Diego. Dr. Ralph Kellogg is the director.

Attending will be Wallace Johnson, first vice president of the S.V. chamber of commerce and John Hansen, principal of Grossmont College.

The first meeting of this newly-formed committee was on Dec. 14. After it, Johnson expressed enthusiasm toward the committee. Its purpose, he said is to make a survey to see what courses are needed to prepare pupils for jobs. Courses are to be fitted to needs of industrially-minded children of the area.

The industrial curriculum might be tried first at one of the three colleges, and then at the others. Growth of the program will depend on interest shown by students and community businessmen.

The first college which would present the program has not been decided upon.

A new store devoted exclusively to offering the public a wide variety of high-grade meats has opened at 9851 Campo rd., Casa de Oro. It is Jeffers Meat Market, owned and operated by Jim Jeffers, a former employee of Stan's Market down the street from his place.

Jeffers said he is offering the public two things: good meat and good service.

Jeffers has lived for eight years in Spring Valley, having come West from St. Louis in 1946. He lives with his wife, Peggy and their son, Jimmy, 5 at 4265 Cordoba st.

A flight engineer with the air force in World War II, Jeffers saw action in the European theatre. He is a member of the Elks Club of El Cajon.

Scotchlomb Kennel Comes To Spring Valley

In mid-October, one of the largest and newest dog kennel in California moved into Spring Valley near Sweetwater and Jamacha. It is the Scotchlomb kennel and cattery at 1425 Presioca.

Operated by Mrs. Dee Henderson, formerly of National City, and owned by her and husband Al Henderson, the place has facilities for 100 dogs and about 40 cats and is listed with the American Kennel Club and the Canadian Kennel Club.

The modern kennel and cattery was designed by Mrs. Henderson. She said the design includes maximum comfort and safety for the animals.

A specialty offered by Scotchlomb is "handstripping," a method of "haircutting" which is done by hand and doesn't soften and dull a dog's coat like usage of mechanical devices does, according to Mrs. Henderson.

Complete boarding facilities are available at Scotchlomb. Pickup and delivery service is free.

Housebreaking training is offered. Mrs. Henderson said it requires from 10 days to 3 weeks.

Although Scotchlomb doesn't offer medical care for dogs and cats, special dietary cases, old dogs, mean dogs and other special cases are accepted.

DOG BATH — Mrs. Dee Henderson, operator of Scotchlomb kennel in Spring Valley, is shown with a star boarder in the modern-equipped bath and trimming room.
